Julia Reidy was present to discuss a proposal to provide an inclusive and accessible playground at Hobgood Park. She also talked about why she chose Hobgood Park. The proposal is to renovate the playground at Hobgood by adding new inclusive equipment and smooth rubber surfacing for accessibility. Julia believes that it is very important to make small changes to Hobgood to make it more inclusive and accessible to all children in the community. Julia included a detailed analysis of each piece of new equipment, and its benefits, a cost analysis for this project and possible methods of payment for these renovations. The board commended Julia for her detailed proposal, and they were very impressed with how much time she had put in to it.
